

IRHACE 2020 Financial Statements

The IRHACE 2020 financial statements have been delayed due to the appointed financial reviewer Hudson Kasper not being available in April 2021. Another financial reviewer was secured in May 2021, as per 10.7, but the review will not be completed until July/August 2021 timeframe.

The IRHACE Council have requested an extension in filing their financial records from the Companies Office.

The current constitution does not provide for this eventuality, so the IRHACE Council will provide the financial statements to the members via email as soon as they are reviewed.

The financial statements for 2020 will need to be approved in the following year's AGM 2022.
